

AEROPLANE ACTIVITIES

Crafts with easy to find at home objects

Peg Aeroplane

Things you need: wooden pegs, craft sticks, glue, a pair of scissors, paint and paint brush.

Cut one craft stick in half using scissors

Encourage the child to paint the wooden peg with poster paint using a thin paintbrush. Leave it to dry.

Stick the craft sticks onto the wooden peg

Toilet Paper Roll Plane

Things you need: 2 kitchen rolls, stapler, paint, paintbrush, small pieces of cardboard

Staple two kitchen rolls together (as if one kitchen roll is the wings and the other one is the body of the plane)

Let the child paint the aeroplane freely. Leave it to dry.

Attach a triangle shape cut out from cardboard at the back of the plane and attach a screw out of cardboard at the front of the plane.

Cardboard Box Aeroplanes
